

# CALIS Web Site Hosting

## Want reliable Web site hosting you don't have to worry about?

You rely on your Web Site to provide information about your company and products and, most importantly, to generate sales. You can not afford to be down. With CAL Internet Services, Inc. Web site hosting services, you can count on your Web site being available 24/7 with our 99.9% uptime guarantee!

## CALIS affordable Web site hosting guarantees 99.9% uptime.

When you select a Web site hosting service from CAL Internet Services, Inc., you are getting a service that is easy to use and maintain. You won't need to purchase a file transfer program because we include a fool-proof Web hosting control panel that makes transfers as easy as dragging and dropping. Because your account is activated when you sign up, you can transfer your site immediately and start testing each page so it's ready when it goes live.

Our Web hosting control panel also makes it easy to set up and manage e-mail accounts. It provides a very powerful feature that lets you set up e-mail addresses so you can promote your domain while having e-mail forwarded to your email account of choice.

You can also access Web statistics from the CALIS Web hosting control panel. We present information that is important to both IT and marketing executives. We even offer e-mail campaign support so you don't have to buy separate Web site and e-mail management programs.

CALIS offers flexible services that allow your Web site to easily grow when it needs to. Our services feature automatic domain renewal so you never have to worry about losing your domain name. Plus we perform regular backups so if the unthinkable happens, a copy of your Web site is always available.

CALIS provides a higher level of security for your Web site. Remember...you get what you pay for.

# Worry-free Web hosting.

When you select CAL Internet Services, Inc. for your Web site hosting, you can count on us to provide you with the most cost-effective solution for your business. You will never see us suggest a solution that you won't need or can't reap benefits from. We guarantee that everything will be done right the first time or your Web site hosting is free for the first month.

We take pride in giving the best possible support to our customers from start to finish. If you run into any problems while hosting your Web site with us, you can count on patient, responsive and knowledgeable support.

And if you don't already have a Web site or online store designed, we have an excellent staff that can provide you with just what you need.

*"Since we've been using CAL Internet Services the customer service has been exemplary...They provide a solid, easy to use service and truly strive to make any communication with their representatives a positive one, from the owners to the technicians."*
